Today Jesus meets a rich young man who asks Him what he must do to get to Heaven.

Listen carefully to what Jesus tells Him and let's understand what Jesus is telling all of us too!

There is nothing wrong with being rich except that it makes us think we can manage on our own. Jesus tells us today that it is better to trust God than to be rich.

The only way to be with God is by recognising our need for him.

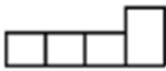

If we know that we need God, then we have already found him.

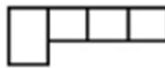

If we surround ourselves with luxury and security, if we become totally self-dependent, it is very difficult to recognise that we need God, in this life as well as the next.

### Prayer

Jesus, thank you for all the riches you have given us, our toys, our homes, our food, our pocket money. Help us to share these things with each other, and to remember that without you we would have nothing at all. Amen.
